# Air Agency Certificate

# KINGDOM OF SAUDI ARABIA GENERAL AUTHORITY OF CIVIL AVIATION

Certificate Number:

AMO-355FF

This Certificate is Issued to:

Air Works India Engineering Pvt. Ltd. D/B/A AIR WORKS COMMERCIAL MRO

Whose Primary address is:

Hanger No. 1 & 2 Cochin International
Aviation Services Limited, MRO Facility Cochin
International Airport Ernakulam,
Kerala 683111, India

This certificate unless cancelled, suspended, or revoked shall continue in effect until:

31 JUL 2026

Upon finding that its organization complies in all respects with the requirements of the General Authority of Civil Aviation Regulations relating to the establishment of an Air Agency, and is empowered to operate an approved Repair Station under **GACAR Part 145** with the following rating:

Limited Airframe
Limited Instrument
Limited Radio
Limited Accessories
Limited Nondestructive Inspection, Testing, and Processing

Subject to the conditions, and limitations specified in the Operations Specifications. This certificate is not transferable and any changes in the basic facilities, or in the location thereof, must be immediately reported to the appropriate office of the General Authority of Civil Aviation.

(**Note:** All foreign-based aircraft repair stations or aircraft maintenance organizations with Part-145 approval from GACA must hold a valid repair station certificate issued by the FAA, USA or by the local National Aviation Authority (NAA) of the ICAO contracting state where the repair station is located. The validity of the GACA approval, in addition to the expiration date given on the certificate, is contingent on the ongoing validity of the NAA or FAA approval. In case the FAA or NAA approval expires, is canceled, or withdrawn, the GACA approval will also be considered terminated, effective from the same date the FAA or NAA approval becomes invalid.)

**Date of Original** 

Issuance:

08 JUL 2021

Date of Issuance:

17 JUL 2025

For: Musa A Algabbaa Capt. Sulaiman Saleh Almuhaimedi

EVP of Aviation Safety and Environmental Sustainability

#### A007. REPAIR STATION MANUAL

a. The Repair Station Manual (RSM) listed in Table 1 below which has been prepared by the certificate holder under GACAR §§145.87 and 145.89 has been accepted by the President. Certain specified content of the manual has been approved by the President. The certificate holder is authorized to use the accepted manual subject to the conditions and limitations prescribed in this operations specification.

Table 1 - Accepted Repair Station Manual

Repair Station Manual	Revision
AMO-355FF REPAIR STATION MANUAL	REV 0, ISSUE 2 DATE: JUN 2021

- b. Approved Content: The following content of the RSM has been approved by the President.
- c. The Quality Control Manual listed in Table 2 below which has been prepared by the certificate holder under GACAR §145.91(c) has been accepted by the President. The certificate holder is authorized to use the accepted manual subject to the conditions and limitations prescribed in this operations specification.

Table 2 -Accepted Quality Control Manual

Quality Control Manual	Revision
AMO-355FF REPAIR STATION QUALITY CONTROL MANUAL	REV 0, ISSUE 2 DATE: JUN 2021

- d. <u>Limitations</u>: Unless otherwise permitted under manual revision procedures approved by the President, all revisions to the accepted content of these manuals must be accepted by the President prior to its promulgation and use.
- e. <u>Emergency Revisions</u>. For safety reasons, a certificate holder may find it necessary to immediately revise accepted material in the Repair Station Manual before there is an opportunity to coordinate the revision with the PMI. For example, a certificate holder may become aware of a deficiency after business hours, on a weekend, or on a holiday. When emergency revisions to material are made, the certificate holder must notify the PMI of the revision at the earliest practical opportunity (preferably the first working day after the action).
