

Air Agency Certificate

KINGDOM OF SAUDI ARABIA GENERAL AUTHORITY OF CIVIL AVIATION

Certificate Number: AMO-355F	<p><i>This Certificate is Issued to:</i> Air Works India Engineering Pvt. Ltd. d/b/a Air Works Commercial MRO.</p> <p><i>Whose Primary address is:</i> Kempegowda International Airport (IATA: BLR, ICAO: VOBL) No. 32, Alpha 3A-Airline Building, 1st Floor, Karnataka, Devanahalli, Bengaluru, India</p>	This certificate unless cancelled, suspended, or revoked shall continue in effect until: 31 MAY 2026
--	---	--

Upon finding that its organization complies in all respects with the requirements of the General Authority of Civil Aviation Regulations relating to the establishment of an Air Agency, and is empowered to operate an approved Repair Station under **GACAR Part 145** with the following rating:

Limited Airframe

Subject to the conditions, and limitations specified in the Operations Specifications.

This certificate is not transferable and any changes in the basic facilities, or in the location thereof, must be immediately reported to the appropriate office of the General Authority of Civil Aviation.

(Note: All foreign-based aircraft repair stations or aircraft maintenance organizations with Part-145 approval from GACA must hold a valid repair station certificate issued by the FAA, USA or by the local National Aviation Authority (NAA) of the ICAO contracting state where the repair station is located. The validity of the GACA approval, in addition to the expiration date given on the certificate, is contingent on the ongoing validity of the NAA or FAA approval. In case the FAA or NAA approval expires, is canceled, or withdrawn, the GACA approval will also be considered terminated, effective from the same date the FAA or NAA approval becomes invalid.)

Date of Original Issuance: 22 JUN 2013	
Date of Issuance: 25 MAY 2025	 Capt. Sulaiman Saleh Almuhammedi EVP of Aviation Safety and Environmental Sustainability

OPERATIONS SPECIFICATIONS

A3. RATINGS AND LIMITATIONS.

a. The certificate holder is authorized to perform maintenance, preventative maintenance and alterations under the limited ratings specified in Table 1 below subject to the provisions of GACAR Part 145 and the limitations specified:

Table 1 - Limited Ratings

Ratings	Make	Model	Limitations
Airframe	Airbus	A320-214 (CFM56) A330-343 (RR Trent 700)	Limited to the performance of in-service check, in transit check, pre-departure check, daily check, walk around check, defect rectification and line replacement unit. Engines as installed limited to the performance of line maintenance only. Maintenance to be accomplished in accordance with manufacturer's current technical data, air carrier's manual and/or operators approved maintenance program or other technical data acceptable to GACA.
Airframe	Boeing	B777-368ER (GE 90-115B) B777F (GE 90-115) B787-9 (GEnx-1B)	Limited to the performance of in-service check, in transit check, pre-departure check, daily check, walk around check, defect rectification and line replacement unit. Engines as installed limited to the performance of line maintenance only. Maintenance to be accomplished in accordance with manufacturer's current technical data, air carrier's manual and/or operators approved maintenance program or other technical data acceptable to GACA.

b. The certificate holder is authorized to perform the following specialized services in Table 2 below in accordance with the specified specification and subject to the provisions of GACAR Part 145 and the limitations specified:

A007. REPAIR STATION MANUAL

a. The Repair Station Manual (RSM) listed in Table 1 below which has been prepared by the certificate holder under GACAR §§145.87 and 145.89 has been accepted by the President. Certain specified content of the manual has been approved by the President. The certificate holder is authorized to use the accepted manual subject to the conditions and limitations prescribed in this operations specification.

Repair Station Manual	Revision
AMO-355F/FA/FB/FC REPAIR STATION MANUAL	REV 0, ISSUE 1 DATE: DEC 2020

b. Approved Content: The following content of the RSM has been approved by the President.

c. The Quality Control Manual listed in Table 2 below which has been prepared by the certificate holder under GACAR §145.91(c) has been accepted by the President. The certificate holder is authorized to use the accepted manual subject to the conditions and limitations prescribed in this operations specification.

Table 2 -Accepted Quality Control Manual

Quality Control Manual	Revision
AMO-355F/FA/FB/FC REPAIR STATION QUALITY CONTROL MANUAL	REV 0, ISSUE 1 DATE: DEC 2020

OPERATIONS SPECIFICATIONS

d. Limitations: Unless otherwise permitted under manual revision procedures approved by the President, all revisions to the accepted content of these manuals must be accepted by the President prior to its promulgation and use.

e. Emergency Revisions: For safety reasons, a certificate holder may find it necessary to immediately revise accepted material in the Repair Station Manual before there is an opportunity to coordinate the revision with the PMI. For example, a certificate holder may become aware of a deficiency after business hours, on a weekend, or on a holiday. When emergency revisions to material are made, the certificate holder must notify the PMI of the revision at the earliest practical opportunity (preferably the first working day after the action).
